

ASSIGNMENT-3

Write the following program.....

1. To draw a Line using Bresenham's Algorithm. (Slope $M < 1$)
2. To draw a Circle using Mid Point Algorithm.
3. To draw a Following face using Any Algorithm.

4. To draw Hexagon Using DDA Algorithm.
5. To draw At least 50 Circle using Mid Point Algorithm
Note: Radius is Different in each circle.
